This is my report on rain. Rain is water which does not come out of faucets.
If it were not for rain, we would not get wet walking to school and get a sore throat and stay home which is not a bad idea.
Rain was the inspiration for that immortal poem, "Rain, rain, go away. Come again some other day."
After a storm, the rain goes down the drain which is where I sometimes feel my education is also going. End of report.
